Donors and Volunteers
Art, place, and community come together at the Good Hart Artist Residency. For almost ten years we have welcomed artists from around the world to Good Hart, a small town near the shores of Lake Michigan. We offer visual artists, writers, and composers at all stages of their careers the time, space, and support to focus on their art.

**ART**
The Good Hart Artist Residency welcomes visual artists, writers, and composers. The residency provides time and space for visual artists, writers, and composers to create, as well as full room and board to allow residents time to focus on their creative work.

**PLACE**
Good Hart is a small town located on M-119, a scenic heritage route referred to as the Tunnel of Trees, in Northern Michigan. The area's natural beauty includes the Lake Michigan shoreline, sand dunes, inland lakes, and coastal wetlands. This unique region is home to state parks and forests and more than 25 publicly accessible preserves.

**COMMUNITY**
The Good Hart Artist Residency believes connecting people from different backgrounds and cultures feeds creativity and creates a more interesting and compassionate world. We strive to bring a diversity of art and artists to Good Hart. Residents connect with the local community by collaborating with one of our nonprofit partners to provide a community art event.
IMPACT ON ARTISTS

The Good Hart Artist Residency hosted fifteen creative people for residencies between July 2021 and June 2022.

“These days and nights in the snowy woods have profoundly affected me. I find a doorway has opened in my soul, and I am stepping through.“

Kate Eberstadt - December 2021

“Nothing could have prepared me for how magical this residency has been. The woods, the beach, the sky and even the snow truly restored me.”

Joumana Altallal - December 2021

“This is truly a residency designed, very intentionally, to support artists as whole people - in mind, body, and spirit, with eco therapy and nourishing meals and space to make and even to rest.”

NOTE FROM THE EXECUTIVE DIRECTOR

We could not have accomplished all of this without your generous support! I wish that I could adequately express how inspiring it is to meet and work with all of these visiting artists, writers, and composers. It is a gift and meeting these creative people expands my world. Luckily we are able to share these experiences with many of you through the numerous community engagement events we facilitate, and through volunteers acting as local hosts to help welcome and nurture residents. My hope is that you have found these experiences to be as enriching as I have, and that you are looking forward to future engagements.

We have wonderful things to look forward to as we head into our 10th year of the artist residency program! Thank you for your friendship and support.

Executive Director & Board Chair
Revenues:
We are grateful for strong community support. We have had consistent donor support over the last 3 years. We have made strong improvements in accessing grant funding for two primary reasons. First, we have a successful record of arts programming and secondly, we have gotten better at seeking and writing grants. We expect the grant funding trend to continue going forward.

Expenses:
The majority of our funding goes directly to support the artists and the program, with 37% going to the artists (stipends and hosting) and just over 40% going to program and event costs. In FY2022, we hired our first part-time employee, Joanne Stewart. She has been busy with resident communication, organizing volunteers, and helping with the community events.
